

# **Citrus 6000**

## **Hyperactive Cleaner / Degreaser**

**At last – a biodegradable chemical that not only works but also passes the highest level in AQIS approvals !**

Evolved from a strong environmentally responsible degreaser over a decade ago, it is now embraced by Councils, Professional Fishing, Pressure Cleaners, Restaurants and Mechanics.

Despite the strength of Citrus 6000, by dilution with water, it is so safe that it is now being used in Australian aquaculture industry.

### **Strong AND Safe**

#### **PRODUCT DESCRIPTION**

The power of a strong, effective degreaser and the safety of an unregulated and dilutable cleaning solution. Citrus 6000 has been embraced by clients as diverse as diesel workshops to child care centres. From fruit packers to restaurants. From the professional fishing industry to the City Council. What makes this product so unique is its ability to clean effectively when diluted.

Citrus 6000 is an alkaline liquid containing natural citrus oil (Delimonene) and a complex surfactant blend. This highly concentrated blend is non hazardous and therefore is a non regulated product. Non fuming, and non volatile, it poses no issues in storage or handling.

- ✓ **Natural Citrus Oil**
- ✓ **Concentrated**
- ✓ **Unbelievable cleaning power**
- ✓ **Safe on almost all surfaces**
- ✓ **AQIS Approved Category 1**

#### **APPLICATION**

Citrus 6000 can be used neat for heavy degreasing situations, or diluted for simple spray and wipe cleaning. Usually applied by spray applicator, it may also be used through pressure cleaners, mopped or brushed on and even soaked in.

- **Mechanical Workshops**
- **Restaurants**
- **Mining**
- **Government Authorities**
- **Aquaculture**
- **Carpet and fabric**

Care should be taken when using on soft alloys. Although Citrus 6000 can be used, it is not recommended that it be used neat for extended periods as it may affect the surface.

#### **CHARACTERISTICS**

<b>Appearance</b>	Clear orange liquid
<b>Specific Gravity</b>	1.05
<b>Flashpoint</b>	n/a
<b>Characteristics</b>	Slight citrus fragrance
<b>pH typ</b>	12.50 to 13.0
